

Hello GHCA Members,

Here are the Vision 2030 work presentations we discussed with you at the June 15, 2024 member meeting. Based on your input and hopefully as you will see as you look through these presentations, there are some very exciting initiatives underway to enhance our beautiful GHCA community in the future.

Below you will find 5 presentations here: An overview of the Vision 2030 work to date, and individual summaries of the work of the four Vision 2030 teams: Beach, Recreation, Pond, and Health and Safety.
